

Iranian Beekeeping Industry Statics and Information

1- Beekeepers Number	73535 Person
2- Modern Hives Number	6674712 Colony
3- Local (domestic) Hives Number	321654 Colony
4- Honey Production rate (amount)	77813 Ton
5- Honey Import rate in 1393	5308 Ton
6- Bee Wax Production	2640 Ton
7- Honey per capita production	996 gr
8- Honey per capita consumption	932 gr

A) Economic Value

1- Beekeeping Industry Investment Value	34338 Milliard Rials – 3434 Milliard Toman
2- Honeybee Direct Production Value	16540 Milliard Rials – 1654 Milliard Toman
3- Honeybee indirect production value (In case of managing Gardens & Farms pollination) (Ninety Times more than direct production)	1488615 milliard Rials – 148862 Toman

B) Iranian Beekeeping Industry Section

1- Honey packaging Workshop	291 Workshops
2- Hive manufacturing Workshop	95 Workshops
3- Wax Treed Workshop	65 Workshops
4- Beekeeping supplies construction Workshop	7 Workshops
5- Food Supplements production Workshop	2 Workshops

C) Honeybee Industry Organizations and Institutes

- 1- Iranian National Union of Beekeepers (Founded 1384)
- 2- Iranian Honeybee Scientific Community
- 3- Iranian Honeybee Industry Fund (Funded 1391)
- 4- Iranian Research Institute of Animal Science, Honeybee research section
- 5- Poultry and Honeybee's Office, Production group
- 6- Beekeeping Union
- 7- Beekeeping Cooperative
- 8- Honeybee Production and Equipment Quality Control Institute
- 9- Eight Iranian Honeybee Breeding Stations

D) Iranian Honeybee Industry World ranking and It's positions

1- Honeybee World Colony Number	81,000,000 Colony
2- honey Production in the World	1,650,000
3- Iran's rank in the world in term of colony numbers	4
4- Iran's rank in the world in term of honey Production	8
5- Iran's Share in the world in term of colony numbers	%8
6- Iran's Share in the world in term of honey Production	%4
