Liberty Congress Center is a magical meeting center that is integrated into nature, lets you breathe through its glass and steel structure and prompts your senses with the sunlight, high ceiling and spectacular views of the mountains, sea and forest. It is located in a detached and independent complex right in the heart of two different facilities (family concept, adult concept) at Liberty bay.

Congress Centre rooms are equipped with the latest technology, audio and lighting systems and there is wireless internet for general use.

ABOUT FETHIYE & OLUDENİZ

Fethiye is one of Turkey's well-known tourist centres, a very beautiful town with a large harbour lined with coffee shops and restaurants as you sit you will admire the many yachts and gullets offering daily 12 Island Boat trips. The Town itself is next to the sea and surrounded by pine clad mountains offering stunning green scenery. People from the UK and Europe have fallen in love with Fethiye with as many as 7,000 of them buying holiday homes in the area. Fethiye was chosen as the best tourism centre in the world by The Times and The Guardian

Oludeniz is a small village which is 13 km away from Fethiye town center, 4 km from Hisaronu and 18 km from famous Calis Beach. Oludeniz also known as Blue Lagoon is one of the most stunning locations in the world and the forestry that surrounds it is considered a national park. The beach front has a unique laid back atmosphere and an outstanding beauty that makes for a high percentage of repeat visitors. The beach front is lined with bars, most of which have an open roof where you can relax and watch the paragliders descending from the mountain tops and landing right in front of you. If you are adventurous enough you can also have the thrill of jumping off yourself in Tandem with an experienced paraglider. Valley is right at the edge of Babadag mountain which is again extremely popular in the world by paragliders. It's one of the best paragliding spot of the world with its fantastic view and weather conditions.

For the person looking to relax there are daily boat trips from the beach front and a small town with shops and tourism agencies offering Jeep Safari's to the local turtle beach and Saklikent Canyon which is 18 km long with 300 mt depth. Gemiler Island which is believed to be the home of original Santa Claus, Sovalye Island which has no roads or cars in it and offers a highly private and exclusive lifestyle, Butterfly Valley, Fethiye Rock Tombs which offers a glimpse into ancient Lycia, captivating ancient city of Tlos are some of the places that can be seen in a short drive.
