Agro East Trade TOV

**We are looking forward
to doing business with you.**

Our company has been operating in the honey business in Ukraine since 2009.

We are located in the south of Ukraine in the city Mikolaiev, the center of honey production in this country.

Agro East Trade is among the top three firms in terms of the amount of exported honey. Moreover, our company is the biggest exporter of Ukrainian beeswax.

Certificates: ISO 22000:2005, True Source Honey, FSMA (We work in accordance with Food Safety Modernization Act. We have passed the FSMA audit and our workers have been trained with FSMA regulations).

Laboratory: Our own laboratory use varied equipments including LC-MS, HPLC, Elisa, Randox Investigator.

In our laboratory the ten-person staff aim to prepare the best quality honey for our customers. Honey is double checked before each shipment.

Destination: Our current destinations are the USA and EU countries.

Delivery: Fast, reliable and prompt delivery all around the world in accordance with our customer's needs.

Possibilities and current export:

We regularly export 6 000 MT of honey yearly. Our processing possibilities include 4 tanks for homogenization of honey and 18 heating rooms giving us the opportunity to prepare 20 000 MT of honey for export yearly.

Researches:

We conduct market research and test honey for new parameters to stay one step ahead. We participate in the production of drugs for bees based on probiotics.
