ANEL Plastic Beehives with Polyurethane Insulation

- Great lifespan **which exceeds 10 years.**
 - No need for maintenance.
 - Incomparable durability and weight support (>500kg).
 - Despite their **outstanding durability**, they are **notably light.**
- They **won't deform, won't decay, won't crack, won't hold any water and chemicals** (like caustic potash, oxalic acid, formic acid, chlorine etc) **won't corrode them.**
- With powerful **polyurethane (PU) insulation.**
 - All the parts can be combined with your Langstroth wooden hives.
 - **Food grade plastic.**
