

Ultra Air (3 Layers) Ventilated Suit

ART # WA 111 UA

- Designed with layer of rubberized netting is sandwiched between two layers of finely woven netting three layers of ventilated fabric throughout.
- Depth of the fabric provides outstanding sting protection.
- Made in the PAKISTAN from fabrics produced in the China (Control Labour Cost).
- Even when wet, the Ultra Air maintains a protective barrier against bees other suits cling to your skin making stings possible.
- Ultra Air suit allows you to work in the bee yard comfortably – no skimping on fabric.
- Durable Plastic zippers go up the entire length of the leg easy to get on and off – unlike other suits no need to remove your boots or cap.
- Spacious hood stays in place and keeps the veil away from your face.
- Excellent visibility through the veil.
- All front pockets made of ventilated fabric or normal and large enough to accommodate smart phones
- Durable and convenient hive tool pocket on suits
- Suits and Jackets are machine washable; the detachable hood is washable by hand.
- Briefcase-style carrying case packaging.

We Ensure you stay cool on hot days in the bee yards.
