**Extra Virgin Coconut Oil**  
60 soft caps Flask  
#01455

Apis Flora is a pioneering and innovative health products company that works in propolis, honey and medicinal plant extract sectors. The company has always focused on products' development with natural actives from Brazilian and international biodiversity.

Leader in the national market since its foundation, Apis Flora's main goal is the supply of high quality products. This principle has gained the customers' permanent trust, making it possible to expand the company's presence nationally and internationally.

Working also as a natural inputs supplier, Apis Flora trades with large companies in pharmaceutical, cosmetic and food sectors, such as L'Oreal, Johnson & Johnson and Unilever.

Due to its rigorous Quality Control System, Apis Flora has the ISO 9001/2000 certificate and its laboratories are accredited by the Ministry of Agriculture. This means that every analysis performed in its labs are considered official by Brazilian government.
